

2010

2010 Current Seed Points

[Female Seed Points List](#) [Male Seed Points List](#)

Seed Points for each race:

The formula used to calculate seed points for each race is the same formula used to calculate FIS points and USSA National Ranking List points, except that no penalty is applied.

$$\text{Seed Points} = \text{F-value} \times [(\text{skier's time} / \text{winner's time}) - 1]$$

The lower the number, the better the result. The "F-value" is 1400 for mass-start races, 1200 for sprint races, and 800 for individual start races.

Total Seed Points:

CCAK Seed Point scores are based upon the average from each skier's best 4 seed point results in the previous 12 months.

$$\text{Total Seed Points} = [\text{Race}_1_Points + \text{Race}_2_Points + \text{Race}_3_Points + \text{Race}_4_Points] / 4$$

Ranking/seeding points are recalculated after each pair of Besh Cup races, and at the end of the season.

A 20% penalty is applied for skiers who have fewer than 4 CCAK results in a 12-month period. The penalty is limited by a minimum of 4 points or maximum of 26 points.

Skiers with no CCAK results in a 12-month period but with points in a prior year can use the prior years points, but with a 20% penalty per year.
